CONNECTING AMBITION TO OPPORTUNITY

Global Academies | Player Mentorship | Expert Consultancy

OUR SERVICES

MENTORSHIP PROGRAMME

One-to-one guidance from experienced professionals to help players develop on and off the pitch. Our mentorship covers technical development, mindset, education, and football pathways — designed to help players reach their next level.

CONSULTANCY SERVICE

We guide players and families through every stage of the journey — from completing their player profile to securing opportunities, arranging trials, negotiating club contracts, and providing scholarship, relocation, and performance support. Our approach is honest, personalised, and built on real football experience.

INTERNATIONAL ACADEMY PARTNERSHIPS

Through our global network, players access elite environments that blend high-level coaching with education and exposure. Whether short-term or full-season, PLYRMATCH connects ambition with opportunity worldwide.

PLYRMATCH Approved Academies are handpicked for their elite coaching, professional pathways, and player care standards. Each academy is vetted by our team to ensure a world-class environment both on and off the pitch.

Train with UEFA-licensed coaches, live and learn in top-tier facilities, and gain exposure through trusted player pathways in Europe, and beyond.

PARTNERSHIPS & SUCCESS STORIES

SUCCESS STORIES

Players from across the world have joined international academies, secured scholarships, and advanced into professional environments through PLYRMATCH.

“

Thanks to PLYRMATCH, I found the right academy overseas and now compete at a higher level every week.

- **Jahan Sanghera U23 Player**, England (originally from Melbourne, Australia)

“

Without the support of Chris and the team I wouldn't be where I am today

- **John Woodhead**, Ex Player, Now, US College Coach (originally from Newcastle, England)

“

PLYRMATCH gave me the platform to showcase my ability - I can't thank them enough

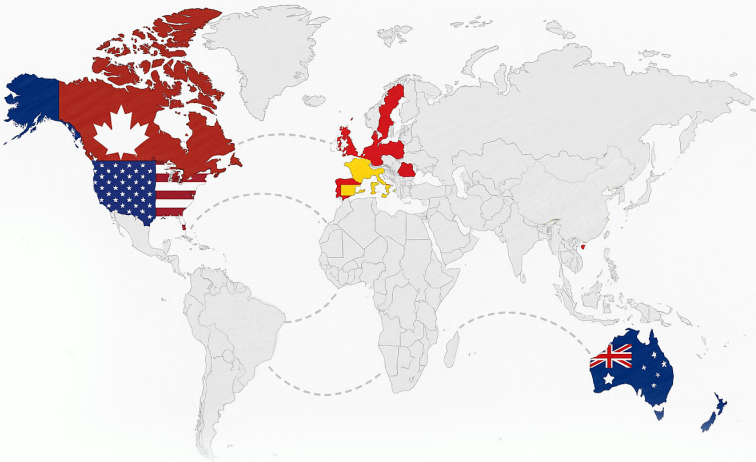

- **Brittney Lacek**, Semi Professional, Australia (originally from Wyoming, USA)
